

BONALDO

Leaf

Designer: Dondoli and Pocci

Nature and lightness are the main sources of inspiration for Leaf. Available in three different sizes (high, medium, low), the Leaf coffee tables are made with a solid or perforated sheet with a decorative pattern that brings to mind the veins of leaves. The top, very thin, rests on legs in crossed iron rod, which give an additional sense of lightness to objects with a clean and

essential profile. The Leaf coffee tables are made of matt painted metal in multiple colours or in refined matt copper and matt brass finishes.

Arranged in groups, or used individually, the Leaf coffee tables furnish each room in an elegant but informal way, with a light touch of irony, without ever invading the space.
