

**BONALDO**

# Curling

Designer: Gino Carollo

The base of Curling table is carved from a single block of Carrara or black Marquina marble, resulting in the simplest and purest of forms. A metal cylinder sits on top of the marble base to support the table top, in ultra-clear transparent glass, creating a truly sleek overall effect. Ultimately, Curling is defined by its instinctive, immediate design, its bold character

and its imposing scenic presence. "As Michelangelo once said, the sculpture is already inside the marble - all you need to do is remove the superfluous," says Lipparini, explaining the concept behind this table for Bonaldo. "The idea for Curling came from visits to the Carrara marble quarries. I was inspired by these white, cubic blocks of marble."
