

BONALDO

Tab

Designer: Dondoli and Pocci

The Tab stool, designed by Dondoli & Pocci, is a functional element that creates a trait d'union, elegant and distinctive, with the open space kitchen or with the open bar of the living room, but that is perfect also for collective spaces in the contract sphere. The rounded and soft lines of Tab bring to mind the world of nature: the seat is in fact smoothed as if it were a

pebble, so as to make the stool, together with the footrest, even more welcoming for a well-deserved moment of relaxation. Tab is available in polypropylene or in emery leather upholstery for a touch of elegance and warmth.
